REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Pineview Elementary in Lexington Two is dedicated to our mission of developing confident, lifelong learners who will be college and career ready. We serve a diverse learning community of 673 students. Our community plays an active and supportive role in our students’ success. We have a strong School Improvement Council (SIC) and Parent Teacher Association (PTA) focused on the needs of our learning community and continuous improvement. The SIC assists in monitoring our school goals and five year plan, develops initiatives to improve student achievement, and creates our school summary and report card narrative. SIC planned and implemented two parenting nights for our families and each were a huge success. Our wonderful PTA supports our learning community financially and physically. PTA purchased chrome books for our students, made significant improvements to our building and grounds, and sponsored community events for our students and families. PTA’s Spring Fling is an annual tradition at Pineview that is always well attended and supported by our families and community.

Our students were provided with multiple extracurricular opportunities. Service projects included donating over 600 can good items to Cayce Cares food drive, collecting money for the Jeff Chavis boot drive sponsored by the Lexington County Fire Department, and wearing Pink for a Purpose to increase cancer awareness and prevention. Healthy minds, healthy bodies were promoted with weekly fun runs, field day, walk to school day and our fitness challenge. Students joined Boys Run Hard and Girls on the Run promoting fitness and good character. Our Good Neighbors Club and Panther Pals worked hard to make our community a better place for all. Special accomplishments included our fourth grade math team finishing first in the district’s Math Bowl, chorus students playing Brazilian percussion instruments with the South Carolina Philharmonic at the Koger Center, and national recognition by Achieve 3000 for outstanding achievement.

Our instructional focus was on Literacy, Common Core State Standards, and Mathematics. As a participant in the state’s Literacy Matters Project, we were provided a literacy specialist onsite twice a month. Our goal is to have high progress literacy classrooms where 100% of our students are engaged in reading and writing text 75% of the time. In addition to staff development, we received a \$10,000 grant to purchase books for our school, and sent every student home with six to eight books to read over the summer. Students will keep a reading log and may trade their books at two summer book swaps sponsored by our SIC. We are adjusting the rigor of our content and delivering it with research based practices to prepare our students for college and career readiness.

We attribute these successes and accomplishments to our community of learners, an exceptionally talented and dedicated staff, an active and strong PTA and SIC, a dedicated school board, excellent visionary district level leadership, but most of all strong parental and community involvement and support.

Mr. David E. Sims, Principal

Mrs. Sharon Adkins, Chairman of the School Improvement Council
